

Pre-Conference CME: 14th December 2017

	Topic	Speakers	Chairpersons/Moderators	Hall
9.00-10.40	Session I: Key investigations: What should a nephrologist know?			
	Basics of genetics	Valentine Lobo, Pune	Ranjith Nair, New Delhi Sunil Prakash, New Delhi	Hall A
	Ultrasonography and doppler	Arun Gupta, New Delhi		
	Magnetic resonance imaging	Kulbir Ahlawat, New Delhi		
	Nuclear medicine imaging.	Sanjay Gambhir, Lucknow		
	Session I: Physiology of kidney			
	Hyponatremia: Is it excess water? Approach hyponatremia in patients with renal failure.	George Kurian, Kerala	N K Hase, Mumbai, Sham Sunder, New Delhi Abhijeet Taraphder, Kolkata	Hall B
	K+ balancing act of kidneys and newer anti-hyperkalemic agents	Praveen Kumar Etta, Hyderabad		
	Calcium handling by kidney: when it concerns Nephrologist?	Soumita Bagchi, New Delhi		
	When magnesium bothers nephrologists?	Pankaj Hans, Patna		
11.00-12.40	Session II : Complement in health and kidney disease			
	Complement pathways: a brief overview	Arghya Majumdar, Kolkata	A K Hooda, New Delhi Shruti Tapiawala, Mumbai	Hall A
	Complements in HUS	Aditi Sinha, New Delhi		
	Complement in ANCA vasculitis and IgA nephropathy: should we target or still a wait period?	Anna Valson, Vellore		
	Complement in Immune mediated GN	Sidharth Sethi, New Delhi		
	Complements in recurrence of GN	Darshan Rangaswamy, Bengaluru		
	Session II: CKD-MBD			
	Is the choice of phosphate binders different in presence of vascular calcification?	Umesh Khanna, Mumbai	Dipankar Bhowmik, New Delhi Umesh Nautiyal, New Delhi	Hall B
	Should we screen all CKD patients for fracture risk in India?	N Gopalakrishnan, Chennai		
	Intestinal phosphate absorption: Dietary intervention when and How?	Manju Kamal, Kochi		
FGF-23 and klotho handling by kidneys	Ashish Nandwani, New Delhi			
PTH lowering drugs and parathyroidectomy: is there news?	Jacob George, Thiruvananthapuram			
12.40 – 13.10	Lunch Symposium: X-Rays and IVU in nephrology practice	Anu Eapen, Vellore	U K Sharma, New Delhi A K Sarin, New Delhi	Hall A
13:10 - 13:40	Lunch			
13.40-15.20	Session III : GFR			
	How to avoid underdiagnosis and overdiagnosis of CKD?	Imityaz Wani, Srinagar	Narendra Sengar, Jhansi Jitendra, Faridabad	Hall A
	Physiological determinants of GFR: what should a nephrologist know?	HS Kohli, Chandigarh		
	Measured GFR: how much it differs from eGFR at different stages of CKD?	Ravi Shankar Bonu, Bengaluru		
	Should we measure GFR to calculate drug dosing?	Vivek Kute, Ahmedabad		

Session III: Urine examination for Nephrologist				
	Proteinuria: How to interpret?	Pratik Das, Kolkata	D K Sinha, Kanpur Ratan Jha, Hyderabad	Hall B
	Urinary electrolytes: when it is important to estimate?	Jayant Mathew, Trichur		
	Microscopic hematuria standalone: is it alarm of coming storms?	Suresh Sankar, Chennai		
	Urinary casts: when do they clinch a diagnosis?	T. Dinesh Kumar, Chennai		
15.20-17.00	Session IV : Acid base balance of kidneys			
	Regulation of acid by kidneys: Applied physiological aspects	Pankaj Beniwal, Jaipur	Manju Agrawal, New Delhi Alok Jain, Jaipur	Hall A
	Lactic acidosis: How to take care in nephrology practice?	R P Mathur, New Delhi		
	Ventilatory setting in metabolic acidosis in critically sick patient:	Afzal Azim, Lucknow		
	Sepsis and pediatric AKI	S Gulati, New Delhi		
	ECMO: when it becomes useful	Sandeep Dewan, New Delhi		
	Session IV: UTI			
	Asymptomatic bacteriuria before non-urological surgery: nephrology consultation	Anurag Gupta, New Delhi	Pankaj Shah , Ahmedabad C R Kar, Bhubaneshwar	Hall B
	Asymptomatic bacteriuria in renal transplantation	Vinoi G David, Vellore		
	Asymptomatic bacteriuria and UTI in pregnancy	Divya Bajpai, Mumbai		
Asymptomatic bacteriuria in patient with stone, kidney diseases and bladder dysfunction	Mayoor Prabhu, Mangalore			
How to approach a patient with bladder dysfunction?	Alok Kumar, Dehradun			
Guest Lectures: Plenary session				
17.00-17.30	Iron and Innate Immunity in Acute Kidney Injury: Promising Therapeutic Targets”	Swaminathan Sundararaman, USA	RN Srivastava, New Delhi J P Tiwari, Goa	Hall A
17.30-18.00	The Aging Kidney- Current Concepts and Controversies	Prabhakar Sharma, USA	Sanjeev Saxena, New Delhi Nandita Chaudhary, Guwahati	
18:30-19.30pm	Inauguration			
20:00pm onwards	Cultural programme and Dinner			
Day-1: 15 December 2017				
08.00-8.30 am	Breakfast symposia: Renal Transplantation in sensitised patients	Vijay Kher, New Delhi	PP Varma, New Delhi, Rajesh B Kumar, Mumbai	Hall A
08.30-09.10	JCM Shastri Memorial Oration	Georgi Abraham, Chennai	D K Pahari, Kolkata M A Muthu Sethupathi, Chennai	
09.10-9.50	KS Chugh Oration lecture: "Diabetic Nephropathy: An Update on Pathogenesis and Management".	Prabhakar Sharma, USA	Bharat Shah, Mumbai A Gopalakrishnan, Hyderabad	
9.50-10.20	Global nephrology education and research: Indian Society should claim a place at the high table	Vivekanand Jha, New Delhi	T Ravi Raju, Vijayawada S C Tiwari, New Delhi	
10.20-11.40	Free paper session and one mini lecture (15 min) mini lecture topic- Mitochondrial dysfunction in CKD	Mini lecture-M Sreelatha, Kozhikode	S K Pareek, Jaipur M Jayakumar, Chennai	Hall A
	Free paper session and one mini lecture (15 min) mini lecture topic-Remote Ischemic Preconditioning	Mini Lecture-Manish Rathi, Chandigarh	N K Hase, Mumbai, Abhijeet Taraphder, Kolkata	Hall B
11.40-12.00	Tea Break			

12.00- 13.00	Poster viewing			Commeeting 1 & 2		
13.00-14.30	Lunch Symposia					
	Nephrotoxic antibiotics in nephrology practice-How and when to use.	Sudhir G Kulkarni, Aurangabad	P K Rai, Varanasi Gurudev Konana, Bengaluru	Hall A		
	SGLT-2 inhibition: a new agent in armamentarium against obesity and diabetes	Beena Bansal, New Delhi	Anoop Misra, New Delhi D K Sinha, Varanasi			
Pregnancy related nephrology issues						
14.30-16.00	Pregnancy in kidney transplanted women	Arpita Roy Chaudhary, Kolkata	Anuradha Raman, Hyderabad Kumud Mehta, Mumbai	Hall A		
	Lupus and pregnancy	G Swarnalatha, Hyderabad				
	Pre eclampsia- Immune regulatory and vascular changes	Manjuri Sharma, Guwahati				
	Post preeclampsia: is follow up required with nephrologists?	Kalpana Mehta, Mumbai				
	Pregnancy in CKD patients	Jasmin Das , Ludhiana				
	PD and Miscellaneous				Hall B	
	HDF in maintenance dialysis: should we opt in routine	Umapati Hegde, Nadiad	A K Barman, Guwahati N Sharat Kumar Singh, Manipur			
	Novel methods of diagnosing PD related peritonitis	Narayan Prasad, Lucknow				
	Challenges of restarting PD	Santosh Varughese, Vellore				
	Incremental PD dose in clinical practice: are evidences sufficient	Tarun Jeloka, Pune				
Orations and Guest Lectures						
16.20-16.50	Pros and cons of global kidney exchange/paired kidney donation	Rahul Jindal, USA	Sankaran Sundar, Bengaluru H S Ballal, Bengaluru	Hall A		
16.50-17.30	RAAS blockade in AKI	Pradeep Arora, USA	K L Gupta, Chandigarh K V Dakshinamurthy, Hyderabad			
17.30-18.10	Resistant hypertension and adherence to medication	Indranil Dasgupta, UK	Girish Narain, Hyderabad GH Mallik, Srinagar			
18.10-19.00	Governing Body Meeting			Hall B		
Day-2: 16 Dec 2017						
08.00-08.30	Breakfast symposia Pre-Probiotics in CKD progression	Dinesh Khullar, New Delhi	Ashwini Gupta, New Delhi, Saubhik Sural, Kolkata	Hall A		
08.30-09.10	President-Elect lecture "Gazing at the crystal ball"	Chakko Jacob, Bengaluru	Vijay Kher, New Delhi P. Soundararajan, Chennai			
09.10-09.50	What is MPGN? New ventures	Giuseppe Remuzzi, Italy	R Kasi Visweswaran, Trivandrum Jatin Kothari, Mumbai			
09.50-10.20	Cognitive function in dialysis patients	Indranil Dasgupta, UK	K V Johnny, Kochi Subba B. Rao, Chennai			
10.20-11.20	Hypertension in CKD: where to set a target?	Dilip Kirpalani, Mumbai	J P Ojha, Varanasi I B Sinha, Patna	Hall A		
	Hypertension during dialysis	Om Kumar, Patna				
	Differences in guidelines: Controversies prevail ?	Raja Ramachandran, Chandigarh				

	Bisphenol A(BPA) in Haemodialysis patients	K S Nayak, Hyderabad	H S Gill, Chandigarh Sameer Chaubey, Nagpur	Hall B
	Anti coagulations in RRT	Rajasekara Chakravarthi, Hyderabad		
	Extra corporeal therapy in sepsis: is there strong evidence	Saurabh Pokhariyal, New Delhi		
11.20-12.35	Free paper- 8 papers (including Rekha Memorial Tanker award) Mini lecture-Empiric antibiotic therapy in treatment of PD related peritonitis	Mini lecture- Prit Pal Singh, Patna	Ram Rapur, Tirupati, Sanjay D'cruz, Chandigarh	Hall A
	Free papers 8 papers Mini Lecture - Non-invasive diagnosis of renal fibrosis	Mini lecture-J Balasubramanian, Tirunelveli	Urmila Anandh, Hyderabad Shivendra Singh, Varanasi	Hall B
12.35-13.35	Poster viewing			Comeeting 1 & 2
13.35- 15.00	Lunch symposia			Hall A
	Is there any role of induction in low and intermediate risk renal transplant?	Amit Gupta, Lucknow	Dilip Bhalla, New Delhi, R G Singh, Varanasi	
	Newer sucrosomal oral iron versus IV iron in dialysis patients	Sree Bhushan Raju, Hyderabad	N P Singh, New Delhi, D S Ray, Kolkata	
15.00-15.30	Vidya Acharya Memorial Oration- Topic: Management of HCV infection during renal replacement therapy	S K Agarwal, New Delhi	S C Dash, Bhubaneshwar, D Mukherjee, New Delhi	Hall A
15.30-17.00	Panel Discussion: Deceased kidney transplantation	Panelists:		
	Introduction	Alan Almeida, Convenor		
	Donor with infection- when to accept?	Sunil Shroff, Chennai		
	Liver and kidney combined transplantation- Immunosuppression should be directed to whom?	A. K Bhalla, New Delhi		
	Is donor kidney biopsy essential before transplantation?	Edwin Fernando, Chennai		
	Donor with diabetes in deceased donation: is outcome worse ?	Mufazzal Ahmad, Lucknow		
	Dual transplantation if donor is elderly	Manisha Sahay, Hyderabad		
	Obese donors- is it concern in deceased donation	Vinay Malhotra, Jaipur		
Guest lectures				
17.00-17.40	APKD: finally a treatment, but is it worthwhile?	Giuseppe Remuzzi, Italy	D S Rana, New Delhi Pradeep Deshpandey, Hyderabad	Hall B
17.40-18.20	Whole Genome Sequencing: Current status in kidney diseases and transplantation	Meera Srivastava, USA	Ashok Kirpalani, Mumbai, Arun Kumar, Lucknow	
18:00-20:00	General Body Meeting			
Day 3: 17 December 2017				
08.00-08.30	Breakfast Symposium: Vaccination in renal allograft recipients post transplantation	R K Sharma, Lucknow	Dhananjay Agrawal, Jaipur, Umesh Lingaraj, Bengaluru	Hall B
8.30-9.10	AKI survivors and CKD burden	Kamal Sood, Australia	Akhil Mishra, New Delhi, R N Sahoo, Bhubaneshwar	
9.10-9.50	Emerging Mechanisms and Causes of Acute Kidney Injury	Swaminathan Sundararaman, USA	MS Amaresan, Chennai, AC Mahakur, Bhubaneshwar	

9.50-10.20	PPI and kidney injury: Current status	Pradeep Arora, USA	MM Rajapurkar, Nadiad, Manoj Singhal, New Delhi	Hall A
10.20-11.20	CPC	Clinical discussant: Dr Sampathkumar Pathology Discussant: Prabal Deb, Kolkata	Vinay Sakhuja, Chandigarh	
11.20-11.40	Tea Break			
11.40-12.30	Debate Coronary angiography before renal transplantation in diabetic Patient	For- Sishir Gang Against- Sandip Mahajan	Gokulnath, Bengaluru, Georgy K Nainan, Kerala	Hall A
12.30-13.00	Bansal Oration	Vivek Kumar, Chandigarh	Raka Kaushal, Chandigarh S B Bansal, New Delhi,	
13.00-14.00	Case based discussions			
	Transplantation			
	Managing a case of BKV and acute rejection simultaneously	Dharmendra Bhadauria, Lucknow	Vasantha Kumar, Bengaluru Sanjeev Jasuja, New Delhi	Hall A
	Treating a case with T cell mediated, and CABMR with TG like changes	Ajay Kher, New Delhi		
	A case of recurrence of FSGS	Amit Langote, Mumbai		
	Dialysis			
	A successful case scenario of home hemodialysis in India	Rajiv M, Hyderabad	Deodutta Chafekar, Nashik A K Vaidya, Ranchi	Hall B
A case story of management of CV stenosis	Abhijit Konnur, Nadiad			
Secondary hyperparathyroidism with vascular calcification	Illangovan Veerappan, Coimbatore			
14.00-14.15	Closing & Vote of Thanks			Hall A
14.15 onwards	Lunch
